

To Whomsoever It May Concern

I am pleased to write this letter of recommendation for **Sanyam Sneh** as a faculty member at PDPM IIITDM Jabalpur. He successfully completed his PR2002 Discipline Project under my mentorship and guidance.

During his Discipline Project, Sanyam Sneh has demonstrated an exceptional ability to understand and implement concepts in the field of additive manufacturing. He actively participated in research works involving Friction Stir Welding (FSW), Metal Additive Manufacturing, and Additive Friction Stir Processing (AFSP), showcasing a deep comprehension of advanced manufacturing techniques. His contributions have significantly enhanced his understanding of these cutting-edge technologies and their applications in modern manufacturing processes.

Beyond technical skills, Sanyam Sneh possesses a strong analytical approach and problem-solving capabilities. He has exhibited outstanding teamwork and leadership qualities, collaborating effectively with peers and faculty members. His ability to innovate and critically analyze challenges makes him a valuable asset in any academic or professional setting.

I have no doubt that Sanyam Sneh will bring the same level of commitment, intellectual curiosity, and technical expertise to any organization or research group he joins. I strongly recommend Sanyam Sneh for his pursuit of further academic or professional endeavors.

Please feel free to contact me at for any further information.

Sincerely,

Manu
